Manifesto

01 ~ Listening as a Political Act

KOR! is an independent record label that creates music projects for young people with additional support needs and releases their output.

# The Freedom to Experiment

Every project is different, just like every young artist we work with is different. We always aim to be responsive to the needs and interests of our participants, and this means the output of a project depends on who is making it. So far we have created; EPs and singles, music videos, zines, documentaries and live performances. Our projects have taken place in schools, community centres and arts venues.

## We Believe in ~

01

Listening  
as a Political Act

We want to promote  
the act of listening to  
each other and provide  
an opportunity to be  
listened to.

02

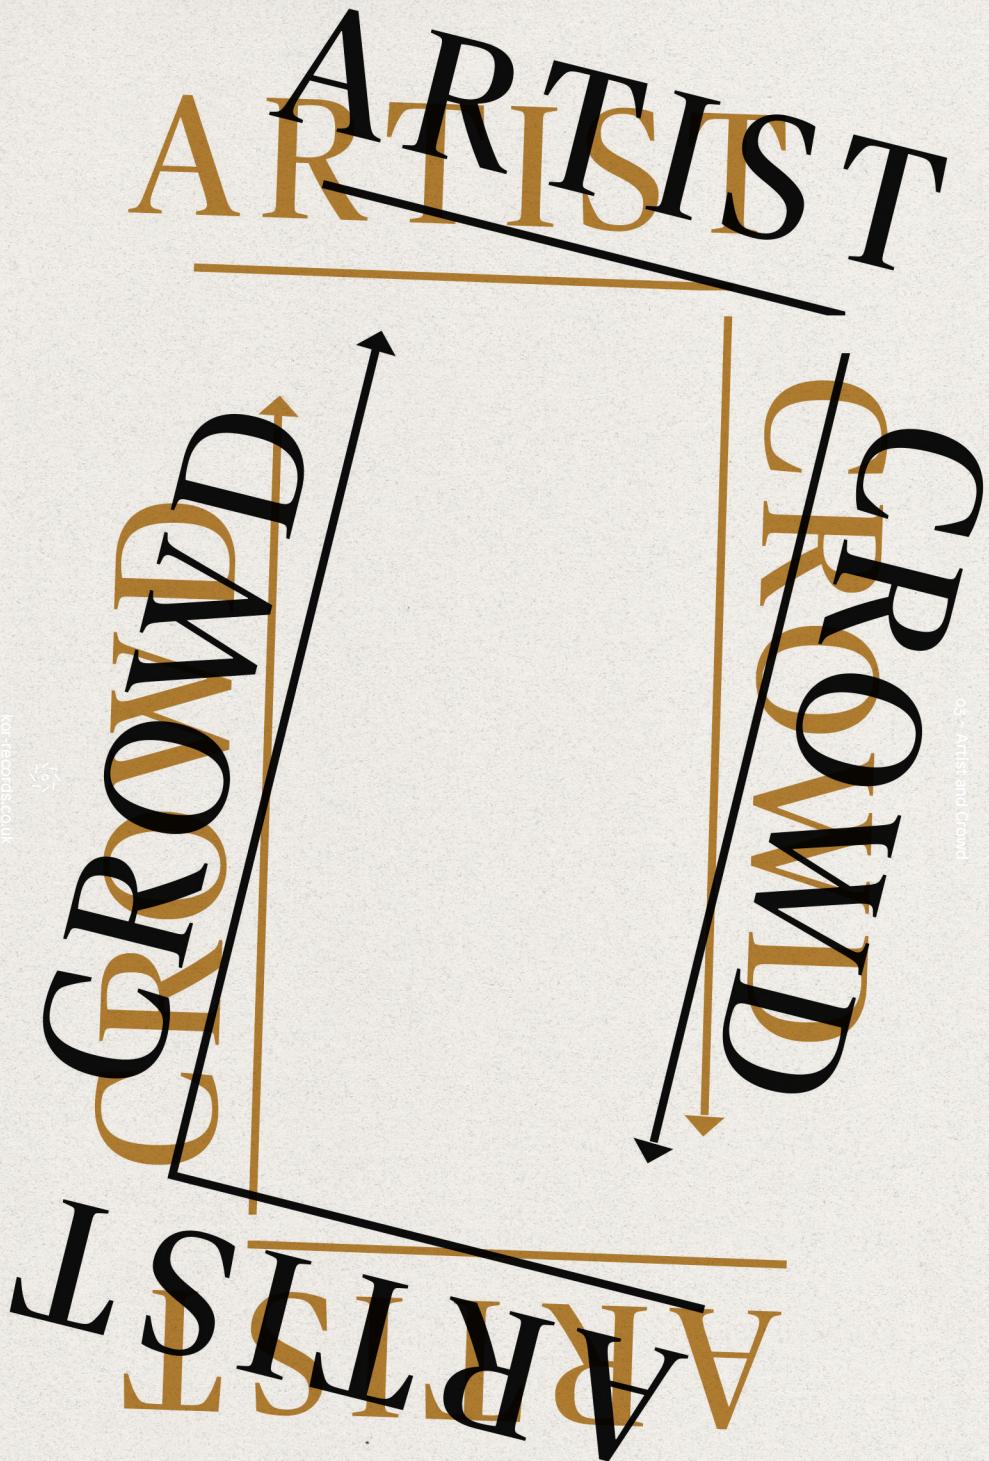

Noise

We want to play at the  
edges of what music  
can be and challenge  
the idea that it needs  
to sound 'nice'.

03

Artist  
and Crowd

We want to promote  
the performance and  
the witnessing of live  
music as a communal  
experience.

04

More Music,  
Less Greed

We want to offer an alternative to the fame and money-driven commercial music industry.

06

Music  
Inclusive

We want to offer the experience of being in a band and making music to people who are often excluded.

05

I'm with  
the Band

We want to experiment with methods of making music collaboratively.

07

Seen. Heard.  
Amplified.

We want to increase the number of musicians with additional support needs and their audiences.

07 ~ Seen. Heard. Amplified.

## Our Work

### Band Together

Regular jam sessions with young people aged 14-25 who want to form a band and develop their musical interests and skills.

### School and

### Community Projects

Working with a class or existing community group to explore musical improvisation and performance.

### SWITCH

A day-long experimental music event for people interested in music, noise, digital technologies and Doing It Yourself. Workshops and gigs in exciting, accessible venues.

07 ~ Seen. Heard. Amplified.

We're always on the lookout for new people, organisations and bands to experiment with.  
Previously, we have worked with ~
